

COLLIER DE SERRAGE EN SPIRALE SPIRAL CLAMP

RENSEIGNEMENTS SUR LE PRODUIT / PRODUCT INFORMATION

Utilisation / Application

Ce collier est utilisé sur les tuyaux à extérieur ondulé. Il s'insère parfaitement entre les hélices du tuyau. Vérifier le sens de rotation de l'hélice pour savoir quel collier utiliser.

This clamp is used on corrugated cover hoses. It fits perfectly between the helixes of the hose. Check for the rotational direction of the helix to know what clamp to use.

Matériaux / Materials

Acier carbone plaqué de zinc

Zinc plated carbon steel
